

New & Improved

Premium masking for improved productivity

New and improved

3M Purple Clear Masking Film Premium PLUS saves time and delivers improved quality.

- Easy to reposition and easy to cut
- Premium PLUS film clings to the vehicle
- Can be used with IR-dryers up to 120°C
- Avoids moisture staining and resulting rework
- Masking Tape easily removed and repositioned on the film
- New delivery trolley dispenser

3M

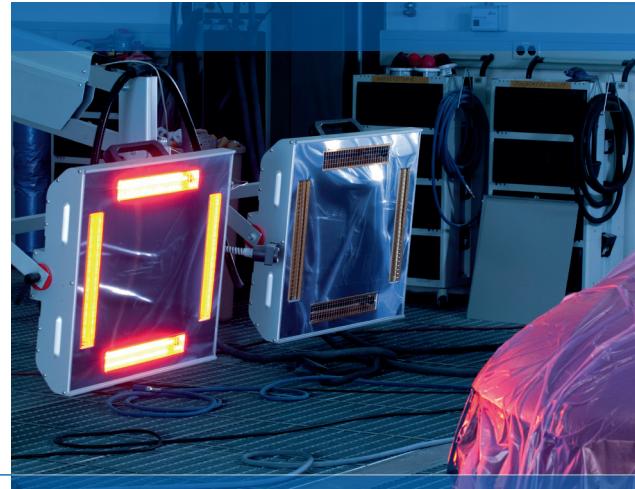

Results of 3M "Voice of Customer questionnaire" (>300 painters)

- 85% of those questioned said they often need to remove 'paint staining' caused by dampness on the vehicle in the drying cycle
- 61% need to rectify this by fine sanding and polishing.

→ New CMF Premium PLUS minimises this issue.

New, improved Masking Film PLUS uses advanced technology that minimises the risk of imprint marking or 'ghosting' when used to mask damp vehicles.

The translucent material makes the repair area highly visible for simple trim guidance and because the film is easy to cut the required area can be removed with maximum speed and accuracy, and finished efficiently with narrow masking tape. The static cling properties of both the 4 and 5-metre versions, (folded to 1 metre on the mobile dispenser) allows a rapid, one-person application.

Picture	Part No	Description	Size	Qty per Box
	50988	Purple Premium PLUS	4 x 150 m	1
	50989	Purple Premium PLUS	5 x 120 m	1
	50872	Dispenser for Purple Premium PLUS	–	1
	50293	Knife	–	25
