

BodyGuard® Overall

The coverall for maximum comfort and protection!

These coveralls are intended for use in environments where protection against minimal risks is required, such as workshops. They protect the user against superficial mechanical injuries, contact with weak cleaning agents, and light water repellency.

Designed with the user in mind!

To guarantee you optimal protection and comfort throughout the working day, this BodyGuard® has been designed with the user's experience in mind. The fabric contains 1% carbon, which contributes to the dissipation of electrostatic charges. This feature is intended to limit the build-up of static electricity.

- Ultimate heat release capacities
- A highly durable blind zipper
- Durable grey nylon fabric
- Soft, flexible cuffs
- Two back pockets
- Extra movability

1% carbon thread for higher antistatic capacity!

Spacious but fitted hood for a more comfortable fit!

The best fit and highest comfort!
