

Colad BodyGuard® Overall

The coverall for maximum comfort and protection!

These coveralls are intended for use in environments where protection against minimal risks is required, such as workshops. They protect the user against superficial mechanical injuries, contact with weak cleaning agents, and light water repellency.

Designed with the user in mind!

To guarantee you optimal protection and comfort throughout the working day, this BodyGuard® has been designed with the user's experience in mind. The fabric contains 1% carbon, which contributes to the dissipation of electrostatic charges. This feature is intended to limit the build-up of static electricity.

Personal Protective Equipment (PPE):

Category I according to European regulation (EU) 2016/425. PPE of simple design, intended to protect users against minimal risk.

Please note: These coveralls are not suitable for protection against hazardous chemicals, fire, heat, or electrical risks. They do not offer protection during prolonged exposure to liquids or when working with sharp objects.

Features and benefits:

- Gray color
- Non-transparent
- Professional appearance
- Perfect fit for all sizes, maximum mobility
- Tight fit at the neck, sleeves, and ankles
- Efficient loss of body heat
- Comfortable for the entire working day
- Durable, protected zipper
- Contains 1% carbon
- Dust and lint free

Packaging information

Per piece in a bag
